### FORGING THE FUTURE CAPITAL CAMPAIGN

The Foundation is engaged in an historical capital campaign to raise at least \$12M over the next six years for capital improvements, academic program enhancements, faculty development and financial assistance for students. Dr. Alan Sampson and Hon. Mayor John Street serve as Co-Chairs of the FORGING THE FUTURE Capital Campaign. Their leadership and passion have inspired many to support PFA's capital needs. As of September 2007, the Foundation has raised approximately \$1.2M for the Wagner Hall Renovation, manages \$550K in endowments, and \$80K in annual and endowed scholarships. Future funds raised will be used to address the following needs:

- Renovation of Wagner Hall (substantially completed)
- Construction of the Paul R. Jones Student Center Multiplex to house a new cafeteria, state-of-the-art library, media center and student center
- Expansion of housing for students
- Upgrade of the campus technology infrastructure
- Endowments for programs and operations
- Scholarships for students
- Faculty development and curriculum enhancement program
- Renovation of the Manor House and other historical landmark buildings

## WAGNER HALL RENOVATION

During the summer of 2006, the Foundation in conjunction with Maranatha Volunteers International completed the renovation of the J.H. Wagner Hall. Alumni and supporters rallied together to raise \$1.2 million in less than one year. Students now learn in a completely air conditioned building with wireless internet connectivity in all classrooms, a computer lab, media center in the library, new lockers, cabinetry, desks for teachers and lighting. All of the study areas and offices are bright and inviting.
